Dear Patients,

While we always strive to provide you with the best care possible, understanding what your appointment covers can help avoid surprises when you receive a bill.

Your **Annual Exam/Women's Wellness Exam (WWE)** is considered *preventative* by most commercial insurance plans. This typically covers the preventative portion of your visit and may include certain screening labs. **However, any additional concerns or follow-up care brought up during your appointment may incur extra charges**, as these services go beyond the preventative visit.

Some parts of your visit may be covered by insurance, while others may not. To be transparent about pricing, our staff may ask additional questions when scheduling so we can make you aware of potential extra charges.

Please feel free to verify coverage or ask questions with our schedulers or billing department prior to your appointment. We are happy to help clarify your benefits and ensure you understand any costs upfront.

Sincerely,

Center for Wellness and Women's Health Staff
